

AL REEM ISLAND

HYDRA AVENUE

Hydra Properties | Q2 2022

 Al Reem Island

The project consists of six towers of varying height – from 24 to 29 floors. The buildings are united by a 5-level podium where there are stores and restaurants and an underground parking lot for 2,500 cars.

Hydra Avenue is quite futuristic-looking by design: the smooth lines of the facades are combined with panoramic glazing and in the evening, the complex is illuminated with architectural lighting.
